Consulting fees, administrative charge in cases of complaints	100 per hour	<b>200</b>	0

\*All prices are in euro and excl. VAT.

### **Explanatory note**

This fee structure enters into force on March 11<sup>th</sup> 2013. All new applications from this date on will be subjected to this fee structure.

“Member” means that you are a member of a national heat pump association. “Non-member” means that you are not a member of a national heat pump association.

The amount that will be transferred to EHPA is included in the fees for the “members” and “non-members”. For example, if a manufacturer applies for a label for a single unit, then it costs him 800 euro. 600 euro will be attributed to the national heat pump association, whereas EHPA will receive 200 euro.

The label is valid for 3 years and can be prolonged for 3 years (maximum 2 times).
